PERSONAL BACKGROUND

I am a self-taught Italian artist migrated to Australia with an extensive experience in oil painting. I'm known to come up with original ideas and fascinating creations through various artistic mediums. My signature style consists of really textured and bright oil paintings. I am extremely confident of my potential and have a clear vision of my future career path. A successful establishment of my own business ELEONORA PULCINI FINE ART in 2012 has provided me with full time employment ever since.
